

## LIST OF FIGURES

Figure B-1.	Rainfall Stations in the Kissimmee Basin Planning Area.....	B-3
Figure B-2.	Mean Monthly Distribution of Rainfall at Eleven Stations in the Kissimmee Basin Planning Area.....	B-5
Figure B-3.	Statistical 1-in-10 Year Drought Events for Eleven Rainfall Stations....	B-27
Figure C-1.	Surface Water Subbasins in the Upper Kissimmee Basin and the Lower Kissimmee Basin.....	C-4
Figure C-2.	Regulation Schedule for Alligator Lake Subbasin.....	C-5
Figure C-3.	Regulation Schedule for Lake Gentry Subbasin. ....	C-6
Figure C-4.	Regulation Schedule for Lake Myrtle Subbasin. ....	C-9
Figure C-5.	Regulation Schedule for Lake Hart Subbasin. ....	C-10
Figure C-6.	Regulation Schedule for East Tohopekaliga Subbasin. ....	C-11
Figure C-7.	Regulation Schedule for Lake Tohopekaliga Subbasin. ....	C-13
Figure C-8.	Regulation Schedule for Lake Kissimmee Subbasin. ....	C-15
Figure C-9.	Proposed Regulation Schedule for Lakes Kissimmee, Hatchinaha, and Cypress. ....	C-16
Figure C-10.	Regulation Schedule for Kissimmee River Pools Subbasin.....	C-19
Figure C-11.	Regulation Schedule for the Lake Istokpoga-Indian Prairie Subbasin. ....	C-21
Figure D-1.	The Okeechobee County Area Regional Potable Water Treatment Facilities. ....	D-9
Figure D-2.	The Orange County Area Regional Potable Water Treatment Facilities.D-13	
Figure D-3.	Regional Potable Water Treatment Facilities in the Portions of Osceola and Polk Counties within the Kissimmee Basin Planning Area. ....	D-42
Figure D-4.	Regional Wastewater Treatment Facilities in the Okeechobee County Area. ....	D-71
Figure D-5.	Regional Wastewater Treatment Facilities in the Orange County Area. D-73	
Figure D-6.	Regional Wastewater Treatment Facilities in the Osceola and Polk County Areas.....	D-80
Figure E-1.	Hydrographs and Hydroperiod Ranges for Three Different South Florida Vegetation Types .....	E-4
Figure E-2.	Successional Patterns and Rates within South Florida Inland Plant Communities. ....	E-8
Figure F-1a.	Location of Soil Types in the North Kissimmee Planning Area.....	F-17
Figure F-1b.	Location of Soil Types in the South Kissimmee Planning Area.....	F-18

Figure G-1.	Distribution of Total Chloride in the Floridan Aquifer System, Kissimmee Basin Planning Area.....	G-4
Figure G-2.	Distribution of Total Dissolved Solids in the Floridan Aquifer System, Kissimmee Basin Planning Area.....	G-5
Figure H-1.	Location Map of Study Area.....	H-4
Figure H-2.	Map of Study Area.....	H-5
Figure H-3.	Vertical Discretization of Osceola Regional Model.....	H-6
Figure H-4.	Model Grid.....	H-8
Figure H-5.	Water Level Map of UFA.....	H-10
Figure H-6.	Boundary Conditions.....	H-12
Figure H-7.	Steady-State Water Level Map.....	H-15
Figure H-8.	Residual Water Level Map.....	H-16
Figure H-9.	Recharge Map.....	H-19
Figure H-10.	Volumetric Budget for Steady-State Simulation.....	H-21
Figure H-11.	Map of Study Area.....	H-27
Figure H-12.	Vertical Discretization of GOH Model.....	H-29
Figure H-13.	Model Grid.....	H-33
Figure H-14.	Elevation of the Top of Layer Three.....	H-34
Figure H-15.	Constant Head Values for Layer 1.....	H-37
Figure H-16.	Potentiometric Surface of the Upper Floridan Aquifer.....	H-45
Figure H-17.	East to West Head Profile Passing through Lake Istokpoga.....	H-46
Figure H-18.	Potentiometric Surface of the UFA as Generated from the Calibrated Model Using 1995 Pumpage Data Sets.....	H-47
Figure H-19.	Surface of the UFA under Average Conditions in the Year 2020.....	H-48
Figure H-20.	UFA Surface Based on Increased UFA Withdraws during a 1-in-10 Drought Event.....	H-49
Figure H-21.	Change from 1995 to 2020 Average Conditions.....	H-50
Figure H-22.	Change from 1995 to 2020 1-in-10 Year Drought Conditions.....	H-51
Figure I-1.	Monthly Stages for Lake Istokpoga for the Period of 1972 through 1997.....	I-13
Figure I-2.	Current Regulation Schedule and Minimum Operating Level for Lake Istokpoga.....	I-14
Figure I-3.	Stage-Duration Curve for Lake Istokpoga .....	I-15
Figure I-4.	Stage-Duration Curve for Lake Istokpoga .....	I-16
Figure I-5.	Location of Structures and Canals in the Lake Istokpoga Basin.....	I-17

Figure I-6.	Stage-Capacity Equation Developed for Lake Istokpoga.....	I-18
Figure I-7.	Monthly Rainfall Amounts for the 1-in-10 Year Rainfall .....	I-27
Figure I-8.	Dry Season Probability Density Function.....	I-28
Figure I-9.	Wet Season Probability Density Function.....	I-29
Figure I-10.	Annual Probability Density Function.....	I-30
Figure I-11.	Dry Season Cumulative Distribution Function.....	I-31
Figure I-12.	Wet Season Cumulative Distribution Function.....	I-32
Figure I-13.	Annual Cumulative Distribution Function.....	I-33
Figure I-14.	Monthly Rainfall for 1-in-10 Year Conditions. ....	I-34
Figure J-1.	Thickness of Confining Units in the Kissimmee Basin Planning Area. ....	J-4
Figure J-2.	Change in Upper Floridan Water Levels, 1995 to 2020. ....	J-6
Figure J-3.	Identified Wetland Systems. ....	J-7
Figure J-4.	Thickness Scores. ....	J-8
Figure J-5.	Drawdown Scores. ....	J-9
Figure J-6.	Wetland Scores.....	J-10
Figure J-7.	Locations Vulnerable to Wetland Harm.....	J-12
